Under the current rules All bowlers compete to qualify in both Scratch & Handicap sections (Monthly and End of Season). With the positions in the Scratch section being filled first, this can lead to a bowler with Handicap qualifying in the Scratch Section (to do so they have clearly bowled well) but feel they are at a disadvantage over playing in the Handicap section. Whilst there's no difference in prizefund a number of bowlers requested that they qualify in the Handicap section only.

The organising committee will only accept this request if this form is signed and submitted before any event is played

I only wish to qualify in the Handicap section(Monthly & End of Season)

Scratch & Handicap Singles 2019/20
